NO. 200.

**COME AND DRINK
OF THE
WATERS!**
Fresh, Pure and Natural, as furnished by Old Mother Earth "FOR
THE HEALING OF THE NATIONS." Obtained Direct
from their Sources and Kept on Ice by
BARCLAY BROS.
AT THE
SIGN OF THE GOLDEN LION
CAIRO, ILL.
BETHESDA MINERAL WATER
Of Waukesha, Wisconsin.

Claims to be a specific in all cases of Diabetes, inflammation of the Kidneys, inflammation of the Neck of the Bladder and Ureters, inflammation of the Bladder, Dropsy, Gouty swellings, Stomachic of Urine, Albumenuria, Ropy or Cloudy Urine, Brick Dust Deposit, Thick, Morbid, Bilious and Dark Appearing Urine, with Bone Dust Deposit; Burning Sensation with Sharp Pains when voiding Urine; Hemorrhage of the Kidneys, Pain in the Kidneys and Loins, Torpid Liver, Indigestion, Calculus, and Female Weakness.

There is no remedial agent known to man that can cure the foregoing diseases as effectively as Bethesda Water. This fact has been demonstrated wherever the water has been used according to directions, which can be had as the General Agents by application to them. The water is sweet and pleasant to the taste. It can be drunk at all hours. Why should any one suffer while this water is so easily obtained?

DR. HAWLEY BEATH, of 290 Broadway, New York, gives the following list of recent cures within his practice:

Continuation of cures by BETHESDA SPRING WATER, after the patients have been pronounced beyond relief, though they are not a trifle of those daily received:

SACCHARINE DIABETES—Rev. Thomas Penrose, Sea Cliff and Brooklyn; Morris Brown, Penn Yan; Major Burr, Mr. Barber, Mrs. Quinn, Kinderhook; Mr. Saunders, New York.

BRIGHT'S DISEASE—J. S. Gould, Hudson; Mrs. Judge Van Cott, Caleb Morgan, Mr. Barnes, Mount Vernon; W. W. Seeger, Sing Sing; Mrs. Alderman, Mrs. Hall, Mrs. Wilcox, New York; Dr. G. W. Rea, Mr. Rea, Mr. Heron, Mr. Jones, Brooklyn.

LEUCORRHOEA OF THE BLADDER—E. Chaffee, Buffalo; F. J. Cox, New York.

What surgeon-General Wolcott and other prominent Medical Men say about the Bethesda Water.

I am gratified to find that the opinion given by me, over two years ago, on the medicinal properties of the Bethesda Water, has been fully sustained and confirmed by its use in a vast number and variety of cases, involving the urinary organs. In many cases in most of such cases, I do not hesitate to say that it is vastly superior to any other remedy known to the profession.

We fully concur in the above: O. P. Wolcott, M.D.; J. E. Garner, M.D., Diabetes; H. Zelowski, M.D.; J. M. Allen, M.D.

BLUE LICK
Blue Lick Water, in its therapeutic aspects, is described as Tonic, Diuretic, Alterative and Aperient, purifying and enriching the blood, and stimulating every secreting organ of the economy.

Dr. Robert Peter, the distinguished analyst, says:
Sulphur and sulphur waters are quite frequent, comparatively, in one blue limestone strata; but among all the Springs of this nature, known at present, as this formation in Kentucky, none are so valuable and remarkable, in many respects, as those of the lower Blue Lick.

EXCELSIOR WATER,
Fresh From the Spring at Saratoga.

The water of the Excelsior Spring is invaluable, removing and preventing, by its aperient and alterative effects, the inefficient forms of disease.

It is highly recommended by the most eminent physicians, and is used with great success in the treatment of Dyspepsia, Constipation of the Bowels, Affections of the Liver and Kidneys, Fevers, Scrophulous Diseases, Etc. It is also an excellent remedy for the Headache, and a pleasant and healthful beverage.

Mineral waters frequently present medicinal virtues, in their use, which cannot be accounted for by the properties of the ingredients which are shown by analysis.

All of the above Waters for sale on draught in Bottles, by the Gallon in Jugs or Kegs, or by the Barrel by

THE INDIANA OUTLOOK.

Probable Effect of General Harrison's Candidacy.

[From the New York World, August 10.]
Governor Hendricks spent yesterday morning very quietly in his room at the New York Hotel, and in the afternoon, with Mrs. Hendricks, drove through the park. After dinner he received a number of visitors, including Colonel Wm. H. Pelton, Abram S. Hewitt, Mr. and Mrs. Desilva and others. At 8 o'clock his party went to the Fifth Avenue Theater to see "Dundreary" for the first time. Gov. Hendricks will remain in the city until to-morrow afternoon, when he will go to Philadelphia, and, after remaining in that city for a day or two, will proceed immediately to Indianapolis where executive duties demand his attention. He is in excellent health and spirits, and is confident as to the successful issue of the campaign, although he declines to talk at length upon political affairs in his own state further than to express his conviction that Mr. Williams, the Democratic candidate for governor, will be elected.

Mr. Wm. H. Henderson, an intimate friend and relation of Governor Hendricks, and a prominent citizen of Indianapolis, is with him at the hotel and accompanied him on his homeward journey. In conversation with a World reporter, yesterday, Mr. Henderson said that the selection of General Harrison as Republican candidate for Governor of Indiana, vice Orth, withdrawn, would make but little difference as affecting Democratic prospects in Indiana. General Harrison, he said, while a man of thoroughly upright character and unimpeachable record, is not at all popular with the people. His manner is cold and forbidding, and he is utterly destitute of any of those magnetic qualities which either inspire enthusiasm in a political canvass or attract to the candidate the warm support of friends. On the contrary, Mr. Williams—Bluejeans Williams is a plain unaffected man, but all the country districts rally to his support with very unusual enthusiasm. He will obtain the almost unanimous support of the Indiana Grangers—a very powerful organization in the state—and will thus secure several thousand Republican votes. He has been in public life as well as conducting his farm with great success for a number of years, and his strongly marked and honest, albeit homely face, is very familiar to the people throughout the state. There is not a flaw in his record, and he commands at once the respect and esteem of all who know him. He will be elected by a majority of probably ten thousand in October, and the state will go by an even larger majority for Tilden and Hendricks in the following month.

FORTY YEARS BEFORE THE PRESENT.
DR. C. McLANE'S
CELEBRATED
LIVER PILLS,
FOR THE CURE OF
Hepatitis or Liver Complaint,
DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.
PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.
DR. C. McLANE'S LIVER PILLS, in cases of AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all Bilious derangements, and as a simple purgative, they are unequalled.

BEWARE OF IMITATIONS.
The genuine DR. C. McLANE'S LIVER PILLS are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. C. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of DR. C. McLANE and FLEMING BROS. on the wrappers.

Insist on your druggist or storekeeper giving you the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., Pittsburgh, Pa.

Sold by all respectable druggists and country storekeepers generally.

To those wishing to give Dr. C. McLANE'S LIVER PILLS a trial, we will mail post paid to any part of the United States, one box of Pills for twenty-five cents.

FLEMING BROS., Pittsburgh, Pa.

obtained in the United States, Canada, and Europe, terms as low as those of any other reliable house. Correspondence invited in the English and foreign languages, with inventors, Attorneys at Law, and other Solicitors, especially in those who have had their cases rejected in the hands of other attorneys. In rejected cases our fees are reasonable, and no charge is made unless we are successful.

If you want a patent, send us a model or sketch and a full description of your invention. We will make an examination of the patent office, and if we think it patentable, we will send you papers and advice, and prosecute your case. Our fee will be in ordinary cases, \$50.

Oral or written in matters relating to patents, Patents, Law, and Inventions.

Dear Old "Yankee Doodle."
It stings in the hearts of the people! Our boys have whistled it, our girls have sang and played it, our sturdy men have marched to it, and now we have in picture—a grand and masterly production of art by J. M. Willard. The original score of "Yankee Doodle," at Philadelphia, and is admired by thousands. The copy is a fine chromo, and should adorn the walls of every American home. If not found with your picture dealer, send your order to the publisher.

Increases the Quantity. Improves the Quality.

ARMSTRONG'S
Lincoln Butter Powder

Good Fresh Butter all the Year Round
BUTTER IN 20 MINUTES.

Lincoln Butter Powder is an entirely harmless article made from a celebrated English recipe, and now in daily use by many of the most noted farmers in the butter counties around Philadelphia.

In hot weather this Powder makes butter much firmer and sweeter than it usually is, and keeps it from turning rancid. It also removes the strong flavor of turnips, garlic, weeds, corn stalks, cotton seed, etc., and the increased yield of butter much more than the trifling expense of using it.

25 Cents Per Package.

WHOLESALE DEPOT:—1007 Market St., Philadelphia, Pa.

CENTENNIAL EXHIBITION

PHILADELPHIA, PA.

This great International Exhibition, designed to commemorate the one hundredth anniversary of the independence of the United States, opened May 10th, and will close November 10th, 1876. All the nations of the world and all the states and territories of the Union are participating in this wonderful demonstration, bringing together the most comprehensive collection of art treasures, mechanical inventions, scientific discoveries, manufacturing achievements, mineral specimens, and agricultural products ever exhibited. The grounds devoted to the exhibition are situated on the line of the Pennsylvania Railroad and embrace 400 acres of Fairmount Park, all highly improved and ornamented, on which are erected the largest buildings ever constructed—five of these covering an area of fifty acres and costing \$5,000,000. The total number of buildings erected for the purpose of the exhibition is near two hundred. During the three days immediately following the opening of the exhibition a million and a quarter of people visited it.

THE PENNSYLVANIA RAILROAD,
THE GREAT TRUNK LINE
AND
FAST MAIL ROUTE OF THE U. S.

Is the most direct, convenient and economical way of reaching Philadelphia and this great Exhibition from all sections of the country. Its trains to and from Philadelphia will pass through a great Centennial depot, which the company has erected at the main entrance to the Exhibition grounds for the accommodation of passengers who wish to stop at or start from the numerous large hotels contiguous to this station and the Exhibition—a convenience of the greatest value to visitors, and afforded exclusively by the Pennsylvania Railroad, which is the only line running direct to the Centennial buildings. Excursion trains will stop at the Centennial depot, and the Pennsylvania Railroad will be the patrons of the Exhibition on this road.

The Pennsylvania Railroad is the grandest railway organization in the world. It controls seven thousand miles of roadway, forming continuous lines to Philadelphia, New York, Baltimore, and Washington, over which luxurious day and night cars are run from Chicago, St. Louis, Louisville, Cincinnati, Indianapolis, Columbus, Toledo, Cleveland and Erie without change.

Its main line is laid with double and third tracks of heavy steel rails upon a deep bed of broken stone ballast, and its bridges are all of iron or stone. Its passenger trains are equipped with every known improvement for comfort and safety, and are run at faster speed for greater distances than the trains of any line on the continent.

The company has largely increased its equipment for Centennial travel, and will be prepared to build in its own shops, at short notice, sufficient to fully accommodate any extra demand. The unequalled resources at the command of the company of the Pennsylvania Railroad make the most perfect accommodation for its patrons during the Centennial Exhibition.

The magnificent scenery for which the Pennsylvania Railroad is so justly celebrated presents to the traveler over its perfect roadway an ever-changing panorama of river mountain and landscape views unequalled in America.

The eating stations on this line are unsurpassed. Meals will be furnished at suitable hours and ample time allowed for enjoying them.

Its excursion tickets, at reduced rates, will be sold at all the principal railroad ticket offices in the West, Northwest and Southwest.

Be sure that your tickets read via the Great Pennsylvania route to the Centennial.

FRANK THOMSON, D. M. BOYD, Jr.,
Gen. Manager. Gen. Pass'g Agt.
